# FREE Harness Awareness Training

## Introduction

Harness awareness training is a crucial competency for any operative who carries out any work at height within their role. The correct practices must be adhered to ensuring care, attention and maintenance is given to what are essentially lifesaving skills and actions.

### Who Should Attend:

**This course does not train you to be competent to use harnesses but does provide a basic awareness of the requirements for the safe use of harnesses.**

This **free** awareness course provides the core/basic knowledge required by any user, supervisor or manager of personnel using safety harnesses, lanyards, anchor points and their associated products. The course covers the current legal obligations regarding the use of fall protection equipment, causes and resultant effects of a fall, standards and how they affect the equipment selection, storage, care, maintenance and rescue implications associated with some uses of safety harnesses

### Course Content

- ❖ *Selecting the correct PPE for the job*
- ❖ *Hierarchy of work at height*
- ❖ *Different harness uses: Fall Arrest/Restraint*
- ❖ *Inspection*
- ❖ *Assessment*
- ❖ *Correct fitting of PPE*
