Thursday 14 September 2017, 08:30 – 13:00

Groundforce Training Services, Dukeries Mill,
Claylands Avenue, Worksop S81 7DJ

Help for the industry – from the industry

FREE Groundworkers Safety and Health Awareness Event

Introduction

This is one of a series of free partnership events run by the industry for the industry, as part of the UK-wide Working Well Together (WWT) construction industry and safety initiative.

The event aims are to raise awareness of the safety risks when penetrating the ground.

Whether it's simply to better understand ground conditions or why 'shallow' or 'deep' excavations fail, the event provides the latest advice and guidance.

There will be opportunities to meet experts in the field of groundworks and to seek advice.

Importantly, this event is meant to be interactive, providing attendees with the opportunity to view a series of 'practical' sessions with equipment both in and out of the ground on a mock 'live' site.

If you dig in the ground, supervise or manage groundworkers, manage a contractor or are self-employed then this **FREE** half day event is for you.

Please submit your questions and booking form by email to

Chris.Taylor2@hse.gov.uk

We look forward to seeing you at this event

Book now! As places are limited
